

# Responsible Beverage Server Trainings

Saline County Coalition would like to encourage all members active in any civic group to support the community and learn about serving alcohol. Avoid illegally selling alcohol to underage youth and intoxicated patrons.

- Minors & Age Verification
- ID Checking
- Physical Effects of Alcohol
- Alcohol & Drugs
- Absorption Factors
- Indicators of Intoxication
- Managing Drinking Behavior
- Creating a Safe Environment

The C/URB Coalition will be sponsoring a Responsible Beverage Server Training to all volunteers who are actively supporting civic groups throughout our county. This informal training will allow you to safely support your community and ensure that you understand the laws while in the service of patrons with alcohol. This will be an informal and engaging event.
